

Lock In

Another great tradition here in Hsinchu American School is Lock In. Lock In is no doubt one of the most popular event throughout the entire year. The night starts off with the different houses competing for house points and ingredients for the barbecue. As the barbecue comes to an end, all students then spends the rest of the night at numerous different evening activities (such as karaoke, movies, board games, and etc.) set up by Student Activities. The next day, students would enjoy their mouth-watering breakfast together and then all students would cooperate and cleanup the school. Lock In is an event where all students bond and cooperate. It is another important event that celebrates school spirit.
